ABOUT KASHMIR

The Spirit of Led Zeppelin Live

For more than a decade, Kashmir has been the premier Led Zeppelin tribute band touring North America. In celebration of the 50th anniversary of Led Zeppelin's legendary album, *Physical Graffiti*, the band is performing worldwide shows to commemorate the occasion, including a prestigious invitation by the Academy of Music in the United Kingdom to perform in London and Birmingham, and the opportunity to play live for the Cuban people in Havana.

These opportunities to commemorate such a significant milestone in rock history marks a crowning achievement in Kashmir's career, distinguishing them significantly from all other Led Zeppelin tribute bands and showing their dedication to preserving and celebrating the timeless music and international appeal of Led Zeppelin.

"We are honored and excited to perform in Havana," says frontman Jean Violet. "Cuba is world-renowned for its music scene and we never expected that we would have the opportunity to bring the legendary music of Led Zeppelin to the Cuban community."

The Havana concert will be located in the pavilion at Finca Guanabito Mi Hacienda and will be open to the people of Cuba.
